

Meet The New College Adviser: Ms. Solomon

What's A College Adviser?

A Missouri College Advising Corps College Adviser is a recent MU graduate who works in partner high schools across Missouri to help Missouri students go to college and succeed. As a college adviser, I will help students understand that they can complete a two or four-year college degree, find their "best fit" institution, and navigate the process of applying for admission and financial aid.

I am so excited to be working with all Grandview students and their families. During the first month or two of the school year, it will be my priority to meet with every senior. These meeting times are designed for me to get to know each of the seniors individually as well as discuss their plans for college.

Although the majority of this time will be dedicated to seniors, students of all grade levels are encouraged to stop by my office and chat. I especially encourage freshmen to stop by. It's never too early to start a college search!

Again, I am so excited to be working with students and families of Grandview High. If I can be of any assistance, feel free to contact me anytime! Go Bulldogs!
